

MULTI-STAGE FILTRATION UNIT

MODEL # 30101

30101

The Waterstone Multi-Stage Filtration system features a single cartridge 3-stage replaceable filter. The first stage is a 20 micron pre-filter, followed by the second stage 5-micron pre-filter, with a final stage GAC (Granular Activated Carbon) filter. This unit meets the requirements for NSF 42 & 53. The 30101 system is rated at 1000 gallons providing exceptional filtration capacity and effectively reducing chlorine, VOCs (Volatile Organic Compounds), bad taste and odor from your municipal drinking water. This system is effective, economical, and a perfect accessory with your Waterstone Hot & Cold, or Cold Only drinking water faucet.

FEATURES:

- 1000 gallon capacity filtration system.
- Single cartridge multi-stage filter. 1st stage filter – 20 microns, 2nd stage – 5 microns and 3rd stage filter – GAC.
- Dimensions: 7" W x 6-1/4" D x 15-1/2" H.
- Unit Weight: 4.75 lbs.
- For municipal potable water use only
- Intake water press. range: 40 psi to 100 psi max.
- Intake water temp. range: 32F to 120F max.
- Includes attachment tubing.
- Made to work with AS-414 Safety Valve Leak Detector.
- Manufactured by Nimbus Inc, and distributed by Waterstone Faucets.
- Manufacturer provided 1 year warranty.

UNIT CLOSED

The Waterstone 30101 Filtration system features a single cartridge multi-stage replaceable filter. The first stage is a **20 micron** pre-filter, followed by the second stage 5-micron pre-filter, with a final stage **GAC** (Granular Activated Carbon) filter.

This unit meets the requirements for NSF 42 & 53. The 30101 system is rated at **1000** gallons providing exceptional filtration capacity and effectively reducing chlorine, VOCs (Volatile Organic Compounds), bad taste and odor from your municipal drinking water.

We have put together a quick and easy reference chart below to help you see just how much of what we commonly find in drinking water that can be handled by this multi-stage GAC filtration system. This system is effective, economical, and a perfect accessory with your Waterstone Hot and Cold, Hot Only, or Cold Only drinking water faucet.

Acetaldehyde	4	Ethyl Chloride	4	Ozone	4
Acetone	4	Ethyl Ether	4	PCBs	5
Amines	3	Gasoline	5	Pesticides	5
Amyl Acetate	5	Heavy Metals	3	Phenol	5
Benzene	5	Herbicides	5	Plastic Taste	5
Bleach	5	Hydrogen Peroxide	5	Potassium Permanganate	4
Butyl Alcohol	5	Insecticides	5	Propionaldehyde	3
Butyl Acetate	5	Isopropyl Acetate	5	Propyl Acetate	4
Calcium Hypochlorite	5	Ketones	5	Propyl Chloride	4
Chloral	5	Lead	3	Radon	4
Chloramine	4	Mercaptans	4	Rubber Hose Taste	5
Chloroform	5	Methyl Acetate	4	Sodium Hypochlorite	5
Chlorine	5	Methyl Bromide	5	Solvents	4
Chlorobenzene	5	Methyl Chloride	4	Sulphonated Oils	4
Chlorophenol	5	Methyl Ethyl Ketone	5	Tar Emulsion	4
Chlorophyll	4	Naphtha	5	Taste from Organics	4
Cresol	5	Nitrobenzene	5	THMs	5
Defoliants	5	Nitrotoluene	5	Toluene	5
Diesel Fuel	5	Odors	5	Toluidine	5
Ethyl Acetate	5	Oil - Dissolved	5	Trichlorethylene	5
Ethyl Acrylate	5	Oil - Suspended	2	Turpentine	5
Ethyl Amine	4	Organic Esters	5	Xylene	5

5 - EXCELLENT - PROVEN EFFECTIVE

4 - VERY GOOD - PROVEN EFFECTIVE

3 - GOOD - VERY ACCEPTABLE RESULTS

2 - FAIR - LIMITED APPLICATION

1 - POOR - NOT RECOMMENDED
